

Teachers at **Midway Elementary** need your help! They are in need of books for their classroom libraries so their students have books available to read. January is literacy month, lets help celebrate by filling up their teachers' bookshelves!

Heathrow Elementary will be holding a book recycle rally.

Clear out your bookshelves of unused books by donating them to kids who would love them as much as you did. Please send in new or gently used books by Friday, January 11th.

For each donation your child will put their name on a Heathrow Heart that will go on our special Wall of Hearts. Throughout the year we will be holding various Heathrow Hearts collection drives to provide support to the hundreds of children in need in our local area schools. If you have any questions or would like to be a part of the Heathrow Hearts committee, please contact:
